Message from the Hospital

We provide high-quality examinations and findings and results/diagnoses using highly sophisticated medical devices and a network of radiologists. Our objective is to improve our facilities and software continuously in order to provide patient-friendly facilities.

The Application Process

Instructions for applicants interested in the medical health checkup and treatment(s):

- ◆ Send in the request form
- ◆ Send in the application form and contract
- ◆ Make payment(s)

Japan Medical Tourism Support Center will proceed as follows:

- ◆ Assign the hospital
- ◆ Arrange a medical interpreter and provide service for translation of the findings and results
- ◆ Make arrangements for travel and other related matters
- ◆ Handle matters pertaining to the application form(s) and contract(s) of medical related matters
- ◆ Handle matters for medical payment(s) and others
- ◆ Receive application forms and payment(s) for travel-related matters
- ◆ Send the findings and results of the checkup exam

Designated medical institutions will proceed as follows:

- ◆ Receive application form(s) and contract(s)
- ◆ Examine and treat patients for medical health checkups
- ◆ Prepare the findings and results
- ◆ Receive payment(s)

Notes

This project is part of a national project. Interpreting and translation services will be provided free of charge in one of the following languages of your choice: English, Chinese, Russian or Korean.

To patients who will be receiving the medical health checkup(s) and treatment(s) as well as those accompanying the patient(s): We kindly ask for your cooperation to fill out a questionnaire in order to constantly improve our services.

We will send the translated versions of the finding and results/diagnosis pertaining to your health checkup(s) and treatment(s) to your designated address later in one of the following languages of your choice: English, Chinese, Russian or Korean.
